

WEBSITE MAINTENANCE PLAN

ONGOING CARE & SUPPORT PROPOSAL

PREPARED FOR: Save Life Agro Products

PREPARED BY: Nebula Systems

DOCUMENT VERSION: 1.0

DATE: 30 June 2026

A NOTE FROM YOUR TEAM

Congratulations on the successful launch of your new website.

Your website is now an important digital asset representing your business online. Like any business asset, it benefits from regular maintenance to ensure continued performance, security, reliability, and up-to-date content.

Nebula Systems offers optional website maintenance services designed to keep your website operating smoothly while allowing you to focus on growing your business.

Please note that this maintenance plan is completely optional. You are the sole owner of your website and all associated accounts. You are free to manage the website yourself or appoint any service provider of your choice in the future.

1. INCLUDED MAINTENANCE SERVICES

The following services are available as part of our maintenance plans:

Website Health Monitoring

Regular monitoring to ensure the website remains online and functions correctly.

Product Updates

Adding, editing, or removing product information as requested.

Performance Monitoring

Periodic checks to maintain website speed and responsiveness.

Technical Support

Assistance with technical questions or minor issues related to the website.

Firebase & Vercel Assistance

Support with Firebase configuration, deployment updates, and website hosting.

Bug Fixes

Resolution of software bugs or issues that may arise after deployment.

Content Updates

Updating website text, images, banners, contact information, or other content.

Security Assistance

Guidance and support for maintaining secure website configurations.

Domain & DNS Assistance

Support with domain renewals, DNS configuration, and related technical settings.

2. SERVICES NOT INCLUDED

The following services are outside the scope of regular maintenance and will require a separate quotation:

- ✗ Complete website redesign
- ✗ New modules or major feature development
- ✗ E-commerce functionality
- ✗ Payment gateway integration
- ✗ Mobile application development
- ✗ Third-party software integrations
- ✗ ERP / CRM implementation
- ✗ Custom automation systems
- ✗ Large-scale database modifications

3. MAINTENANCE PLANS

Basic Care Plan

Suitable for businesses requiring occasional updates and technical assistance.

Standard Care Plan

Recommended for businesses requiring regular updates and priority support.

4. CLIENT OWNERSHIP

Save Life Agro Products is the sole owner of the following:

◆ Website Source Code	◆ Domain Name
◆ Google Account	◆ Firebase Project
◆ Vercel Project	◆ Cloudinary Account
◆ Website Content	◆ Product Information
◆ Images and Media	

Nebula Systems does not claim ownership of any client-owned accounts or digital assets.

5. TERMS

- ◆ Maintenance services begin only after mutual agreement.
- ◆ Maintenance charges are separate from website development charges.
- ◆ Major feature requests will be quoted separately.
- ◆ Domain renewal charges are payable by the client.
- ◆ Third-party subscription fees (if any) are not included.
- ◆ Maintenance plans may be modified or cancelled by mutual agreement.

6. NEED ASSISTANCE?

If you require technical support, website updates, or future enhancements, our team will be happy to assist.
